Environmental Policy Statement

Invincible Fire and Security Ltd is a company which installs and maintains Fire Detection and Alarm Systems and Electronic Security Systems within the commercial and domestic market.

We recognise that our work activities may have an impact on the environment in terms of emissions to air and water and waste generation, and seek to minimise this as far as is reasonably practicable.

We are committed to the protection of the environment through:

- Prevention of pollution;
- Compliance with all environmental legislation, regulations and authorisations relevant to the industry sector in which we operate;
- Continual improvement in our environmental performance.

It is the policy of Invincible Fire and Security Ltd:

- Make efficient use of natural resources by conserving energy and water, minimise waste and recycling where possible;
- Meet our duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste;
- Actively promote the use of recycled materials whenever these can be commercially justified;
- Keep transport use to a minimum, and regularly service vehicles to maintain efficiency;
- Work with Suppliers to ensure they recognise and reduce the environmental impact of their products and transportation;
- Keep our site clean and tidy to ensure minimum disturbance to Clients and Neighbours;
- Liaise with the local community to minimise disruption to the local environment;
- Encourage Staff to feedback to the Managing Director about the Company's environmental performance;
- Set environmental objectives and publish them in the Company's promotional literature.
